## Your Submission

### The specific provisions of Variation 3 - Taiwawe Catchment Structure Plan that my submission relates to are:

#### 27.9.2 PURPOSE

The purpose of this structure plan is to create a conservation framework focused on the enhancement and protection of the ecological values and indigenous biodiversity of the Taiwawe Stream and its tributaries to provide a context for low density residential and rural lifestyle development.

### My submission is:

(clearly state whether you SUPPORT or OPPOSE specific parts of Variation 3 - Taiwawe Catchment Structure Plan or wish to have amendments made, giving reasons for your view)

I  support  oppose the above plan submission.

### Decision sought from Council:

(clearly state what you want the Council to do, eg: retain, amend, delete)

Reject the proposed Taiwawe Catchment Structure Plan in its current form pending independent peer review of the Ecological Assessment by Wildlands Consultants Ltd and of the Archaeological Assessment by CFG Heritage Ltd.

### Reasons for my submission:

The reports supporting the proposed Taiwawe Catchment Structure Plan lack veracity and depth. There are crucial omissions in each of the reports. The proposed Taiwawe Catchment Structure Plan does not align with the Proposed Thames-Coromandel District Plan - Appeals Version (2019). Passing this variation would set a dangerous precedent for all of the Coromandel.
