

Thames-Coromandel District Council

Electing the Mayor

Ben PARSONS

My principal place of residence is not in the Thames-Coromandel District Council area.

Each of us has a great responsibility to act kindly. We all deserve to prosper from the fortune that our beautiful land provides in abundance! Intelligent people enjoy a better life because of choices made in a relaxed and

open manner.

I have worked all my days in the primary industry and know the history and facts of it. I have a Masters Degree in Music Composition which has given me a world-view of human economy.

My vision for Hauraki as the destination of health and well-being requires a labour-of-love by this community. Clean water, gold-panning adventures, creative colourful cheerful characteristics, wholesome food and a peaceful and just cause for inspiration.

I propose to proactively rid Hauraki of fluoride-treated water, the drug 'P', of 'roundup', of possums (by trapping), of industrial mining, and of dirty waterways (by Riparian planting).

Manawhenua. Manawahine. Manaakitanga.
