**Disability Strategy**

On behalf of the Halberg Disability Sport Foundation, I would like to applaud the initiative of the Thames Coromandel District Council in developing an inclusive community strategy.

Our goal at the Foundation is to enhance the lives of physically disabled young people, their families and communities, by enabling them to participate in Sport.

Proactive councils such as TCDC, who are responsive to their communities, allow us to do our work. I am sure that the entire community in this part of the country will reap the rewards of this initiative and we will watch the implementation of this strategy with considerable interest.

Congratulations and thank you once again.

Yours sincerely
