Any other comments.

I have a letter from TCDC about "Future Infrastructure Requirements: Totara Valley" dated 27 May 2005.

A copy is attached below.

Don't you think TCDC has unfulfilled obligations to the residents of the valley? They have waited long enough.

If this work is a problem for TCDC, it is of their own making, and not the responsibility of the ratepayers.

No housing development can be progressed until TCDC do the infrastructure.

Enduring a 10% rate hike on top for TCDC services not provided won't sit well in the valley.

So when is TCDC going to front up to the Totara Valley ratepayers/residents in a meeting, admit they have stuffed up over the last 15 years, and when they are going to fix it?

Hearing

Would you like to speak at a hearing in support of your submission. Not answered by consultee
