It is traffic, not people that congest and make Hahei unpleasant at certain times of the year. No vehicles with local resident parking exemptions so many for every property would eliminate the problem. I believe long term numbers of people visiting Cathedral Cove will have to be regulated.  91 Lees Road 92

The recent road works on Hahei Beach Road, widening it has left the Church side (RHS facing beach) very hard to walk along. Often people have to walk on road itself to navigate this section. Has been left steep, rough and stony. Needs a proper footpath on this side. Heaps of foot traffic on summer days.  Could consider a park and ride shuttle to the beach to eliminate the congestion in the busy holiday period (use a small van - not a large bus)  See other comments  Would like to comment on signage. Rules of Cathedral Cove walkway are not obvious enough and big enough. I have seen people walk with dogs on leashes on the walk and have spoken to them. They missed the signs! I had to go back and find them to re-acquaint myself with the rules. Signage is too small. Also we dislike all the campers overnighting at Grange road car park. If you walk/run up there in the morning - there are clothes/bedding over the car park - it looks awful. No overnight stays should be allowed.  See other comments  Would like to discuss one on one.  Attachment - Text  Management of visitor parking illegally, driving too fast
